India Ratings Assigns Mirzapur Nagar Palika Parishad 'IND BB'; Outlook Stable

Ind-Ra-New Delhi-10 April 2017: India Ratings and Research (Ind-Ra) has assigned Mirzapur Nagar Palika Parishad (MNPP) a Long-Term Issuer Rating of 'IND BB'. The Outlook is Stable.

KEY RATING DRIVERS

Mirzapur Nagar has inadequate civic infrastructure. There is lack of proper water supply services, sewerage systems in the town. However, there is scope for an improvement in the infrastructure facilities due to its selection under Atal Mission for Rejuvenation and Urban Transformation (AMRUT) scheme.

Mirzapur jurisdiction is only 38.85 sq km with a population of 2,34,871. Economic activities in the town are not buoyant and taxes on average contributed 8.27% to the total revenue over FY12-FY16. Being a municipality, MNPP's revenue sources comprise tax revenue and non-tax revenue, with average contribution to the total revenue income being 8.27% and 2.04% respectively. The municipality's own non-tax revenue mainly emanates from fees and rental income from municipal properties, with an average contribution of 73.07% and 18.71%, respectively, to the total non-tax revenue during FY12-FY16.

MNPP has a high level of dependence on the state government. It receives compensation in lieu of stamp duty and revenue grants and equity contributions. Revenue compensation and revenue grants cumulatively contributed 88.36% to the total revenue income during FY12-FY16.

MNPP reported a moderate financial performance in FY16. Its revenue receipts increase to INR324.35 million in FY16 from INR212.25 million in FY12, at a CAGR of 15.18%. Also, its revenue balance improved to INR98.95 million in FY16 from INR13.71 million in FY12.

RATING SENSITIVITIES

Positive: A significant improvement in MNPP's operating performance, delivery of civic services and timely execution of AMRUT projects, would be positive for the rating.

Negative: Significant delays in execution of urban civic service projects and deterioration in financial performance of MNPP would be negative for rating.

Dear Sir,

Re: Mirzapur Nagar Palika Parishad's Issuer Long Term Rating

India Ratings and Research (Ind-Ra) has assigned Mirzapur Nagar Palika Parishad (MNPP) a Long-Term Issuer Rating of 'IND BB'. The Outlook is Stable.

In issuing and maintaining its ratings, India Ratings relies on factual information it receives from issuers and underwriters and from other sources India Ratings believes to be credible. India Ratings conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction.

The manner of India Ratings' factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer is located, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors.

Users of India Ratings' ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information India Ratings relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.
